Federal Highway Administration

Office of Research, Development, and Technology
Turner-Fairbank Highway Research Center
6300 Georgetown Pike, McLean, VA 22101

The Federal Highway Administration (FHWA) Office of Research, Development, and Technology (RD&T) is organized into 7 offices with 15 teams of experts in more than 30 transportation-related disciplines. Three research and development (R&D) offices—Operations, Safety, and Infrastructure—conduct R&D to continually improve highway operations and Intelligent Transportation Systems (ITS), safety, and infrastructure, respectively. The Office of Program Development and Evaluation develops and

Who we are and what we do

executes policy, budget, program management, and administrative mechanisms to help FHWA carry out a nationwide research and technology (R&T) program. The Office of Research and Technology Services develops and executes a comprehensive RD&T communications strategy and marketing plan that supports FHWA R&T programs and technology transfer and delivery. The Office of Resource Management provides administrative services for RD&T.

RD&T also manages the FHWA R&T Program, which directly supports the goals of the U.S. Department of Transportation (USDOT) to invest strategically in transportation infrastructure, promote safe and secure transportation, enhance our environment, and create

new alliances between the Nation's transportation and technology industries. The proposed Office of Corporate Research and Technology will support the FHWA R&T Program.

In virtually everything we do, we coordinate and/or collaborate extensively with other FHWA and DOT offices, State and local government partners, academic organizations, companies in the industry, military research offices, and professional organizations. In an effort to involve stakeholders and partners, and improve RD&T, FHWA is implementing a Corporate Master Plan that centers around Agency commitments and principles.

See RD&T fiscal year (FY) 2002 product and service descriptions and year-end statuses in the *Office of Research, Development, and Technology FY 2003 Performance Report*. Find a listing and descriptions of FY 2004–05 products and services in the *RD&T FY 2004/2005 Performance Plan*. The performance plan and report are available on the Turner–Fairbank Highway Research Center (TFHRC) Web site (www.tfhrc.gov).

We are proud of our contributions, products, and services that quickly and cost-effectively accelerate and transform new technologies and concepts into better transportation systems, processes, and services. With our partners, we improve our national quality of life. To be successful, we must respond to the needs of our national transportation system and its users—society at large. We meet the challenge by constantly emphasizing and demonstrating innovation.

RESEARCH THAT IS ESSENTIAL, INDISPENSABLE, AND CONNECTED TO OUR CUSTOMERS.

Office of Resource Management

* The Office of the Administrator includes the Administrator, Deputy Administrator, and the Executive Director. FHWA's Program Manager for Transportation Security and the Directors of Field Services are an extension of the Executive Director's office. The Directors of Field Services provide administrative supervision and leadership on strategic initiatives to the constituent Resource Center office(s) and Division offices.

** The Director, Office of Budget and Finance, also serves as the FHWA Chief Financial Officer (CFO) in support of departmental responsibilities established under the CFO Act of 1990. Also, the Transportation Infrastructure Finance and Innovation Act Joint Program Office (TIFIA JPO), a multimodal office, is located in FHWA's Office of Budget and Finance. The TIFIA JPO has a departmentwide role, which is overseen by the Assistant Secretary for Budget and Programs and the TIFIA Credit Council.

*** The Program Manager for the Intelligent Transportation Systems (ITS) Joint Program Office (JPO) has a departmentwide role, and advises and reports to both the Deputy Secretary of Transportation and the FHWA Administrator; provides advice to the ITS Management Council; and provides executive direction over the ITS JPO.

* The Associate Administrator for Research, Development, and Technology also directs the Turner-Fairbank Highway Research Center.
 ** Proposed office.

PRIMARY RESPONSIBILITIES

- Testing and development of new and improved traffic barriers
- Federal Outdoor Impact Lab (FOIL)

MAJOR PROJECTS

- FEA of roadside safety hardware
- Development of new and improved guardrails, transition sections, and aesthetic traffic barriers
- Development of energy-absorbing utility poles and break-away guy wires

BACKUP PERSON

Leonard Meczkowski

Mort Oskard

Operations Research Engineer

202-493-3339 · mort.oskard@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Advanced research
- Data visualization
- Inverse analysis
- Roadside safety

MAJOR PROJECTS

- Optimization and inverse roadside safety analysis
- Simulation modeling research and development
- Rollover causation and reduction study

BACKUP PERSON

Leonard Meczkowski

Roadway Team, HRDS-05

Ray Krammes

Team Leader

202-493-3312 · ray.krammes@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Roadway Team Leader
- Geometric design and safety

MAJOR PROJECTS

- Interactive Highway Safety Design Model (IHSDM)

BACKUP PERSONS

Joe Bared
A.J. Nedzesky

Carl Andersen

Physicist

202-493-3366 · carl.andersen@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Avens Photometric and Visibility Lab
- Roadway visibility research

MAJOR PROJECTS

- Night visibility enhancement
- Roadway visibility modelling
- Traffic signal light improvement
- Visibility and lighting research

BACKUP PERSON

Ken Opiela

Joe Bared

Highway Research Engineer

202-493-3314 · joe.bared@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Intersection safety and operations
- Safety and geometric design

MAJOR PROJECTS

- Development of high-volume signalized intersections informational guide
- Implementation of surrogate safety assessment methods in traffic simulation models
- Safety and operational analyses of intersection and interchange design alternatives

BACKUP PERSON

Ray Krammes

A.J. Nedzesky

Highway Research Engineer

202-493-3369 · aj.nedzesky@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Traffic engineering and safety

MAJOR PROJECTS

- Speed management research program

BACKUP PERSON

Ray Krammes

Ken Opiela

Highway Research Engineer

202-493-3371 · kenneth.opiela@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Visibility
- Work zones
- Traffic control devices

MAJOR PROJECTS

- Development of updated minimum levels for sign retroreflectivity
- Development of methods for maintaining traffic sign retroreflectivity
- Pavement marking retroreflectivity needs
- Work zone accident exposure analysis
- Work zone safety for new drivers

BACKUP PERSONS

Carl Andersen
Ray Krammes

Roadway Team, HRDS-05

(continued)

Kerry Perrillo

Highway Research Engineer

202-493-3318 · kerry.perrillo@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Traffic engineering and safety

MAJOR PROJECTS

- AASHTO Strategic Highway Safety Plan
- Roadside/roadway hardware asset management
- Countermeasure evaluation

BACKUP PERSON

Ray Krammes

Safety Management Team, HRDS-06

Carol Tan

Team Leader

202-493-3315 · carol.tan@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Highway safety analysis
- Highway safety data

- Geometric design and safety

- Geographic Information System safety applications

- Safety management systems

- Pedestrian and bicycle safety

MAJOR PROJECTS

- Activities involving Highway Safety Information System (HSIS)

- Crash Prediction Algorithm of IHSDM

- Safety/Analyst development support

- Development of local safety management systems

BACKUP PERSONS

John McFadden

Ann Do

Ann Do

Highway Research Engineer

202-493-3319 · ann.do@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Pedestrian and bicycle safety
- Geometric design and safety

MAJOR PROJECTS

- Pedestrian and Bicycle Safety Research Program

BACKUP PERSON

Carol Tan

Pete Mills

Electronic Engineer

202-493-3338 · pete.mills@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Advanced research

- Sensors

- Electromagnetics

- Simulation

MAJOR PROJECTS

- Software testing

- Pattern recognition algorithms development

BACKUP PERSON

Mort Oskard

Human Centered Systems Team, HRDS-07

Thomas M. Granda

Team Leader, Engineering Research Psychologist

202-493-3365 · thomas.granda@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Human Centered Systems (HCS) program development
- HCS technical support coordination

MAJOR PROJECTS

- HCS safety research program
- HCS operations research program
- TMC Pooled Fund Study

BACKUP PERSON

Joe Moyer

Greg Davis

Engineering Research Psychologist

202-493-3367 · gregory.davis@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- HCS safety research

MAJOR PROJECTS

- Research on Intersections
- ITS technology development

BACKUP PERSON

Tom Granda

Joe Moyer

Engineering Research Psychologist

202-493-3370 · joe.moyer@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- HCS Lab Manager

- Safety and operations research

MAJOR PROJECTS

- Visibility studies
- Driver Performance Model development
- Pooled fund study of traffic control devices

BACKUP PERSON

Tom Granda

Gabriel Rousseau

Engineering Research Psychologist

202-493-3383 · gabriel.rousseau@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- HCS safety research

MAJOR PROJECTS

- Speed management research
- Pedestrian and bicycle safety research

BACKUP PERSON

Office of Infrastructure R&D, HRDI-01

Paul Teng

HRDI-01 Director

202-493-3022 · paul.teng@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Program direction and guidance for the Office of Infrastructure R&D
- Technical and administrative supervision of HRDI teams
- Interaction with headquarters and Resource Centers

MAJOR PROJECTS

- Consolidated RD&T multiyear needs, programs, and budget
- National Partnership Initiative advancement
- Corporate management strategies development

BACKUP PERSON

Steve Chase

Steve Chase

HRDI-01 Research Program Manager

202-493-3038 · steve.chase@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Policy, direction, and management support to Office Director
 - Program development and delivery direction to HRDI teams
- #### MAJOR PROJECTS
- HRDI management strategies and business practices
 - Infrastructure R&T Program development

Esther Camaña

HRDI-01 Administrative Assistant

202-493-3022 · esther.camana@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Administrative support to the Office Director; Research Program Manager; Technical Director for Bridges; the Bridge Design and Construction Team; the Bridge Safety, Reliability, and Security Team; and the Infrastructure Inspection and Management Team

Doug Brown

HRDI-02 Program Coordinator

202-493-3146 · doug.brown@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Office operations
- Administrative program coordination

MAJOR PROJECTS

- Office management initiatives
- Program and budget monitoring
- Accountable property inventory updates

John Hooks

HRDI-03 Technical Director for Bridges

202-493-3023 · john.hooks@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Leadership and technical direction for bridge and structures-related programs and studies

- Promotion of RD&T products

MAJOR PROJECTS

- Program and budget documents
- External partnerships development
- Technology facilitation for bridges

Steve Forster

HRDI-04 Technical Director for Pavements

202-493-3070 · steve.forster@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Leadership and technical direction for pavement-related programs and studies

- Promotion of RD&T products

MAJOR PROJECTS

- Program and budget documents
- External partnerships development
- Technology facilitation for pavements

Richard Livingston

HRDI-05 Advanced Research Coordinator

202-493-3063 · dick.livingston@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Advanced research

MAJOR PROJECTS

- Embeddable sensor systems
- Nondestructive evaluation (NDE) for materials characterization
- Materials science of portland cement concrete (PCC) setting
- PCC durability

Janet Klein

Administrative Program Assistant

202-493-3384 · janet.klein@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Administrative support for the Infrastructure R&D Program

MAJOR PROJECTS

- Time and attendance personnel documents
- Team leader council meeting plans and minutes
- Office supplies
- Office communication activities

Office of Infrastructure R&D

(continued)

Lisa Turrentine

Administrative Assistant

202-493-3143 · lisa.turrentine@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Administrative support to the Technical Director for Pavements; the Advanced Research Coordinator; the Pavement Materials and Construction Team; the Pavement Design and Performance Modeling Team; and the Long-Term Pavement Performance Team

Vacant

Administrative Assistant

202-493-3069

PRIMARY RESPONSIBILITIES

- Administrative support to the Advanced Research Coordinator; the Bridge Design and Construction Team; the Infrastructure Inspection and Management Team; and the Pavement Design and Performance Modeling Team

Bridge Design and Construction Team, HPDI-06

Bob Kogler

Team Leader

202-493-3080 · bob.kogler@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Bridge Design and Construction Team Leader
- Bridge corrosion protection
- Steel bridge coating research
- Coating systems

MAJOR PROJECTS

- Bridge of the future
- Bridge coatings guidelines
- Hazardous bridge coatings
- Bridge coatings inspection
- Steel bridge paint system

BACKUP PERSON

Bill Wright

William Wright

Structures Laboratory Manager

202-493-3053 · bill.wright@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Structures Lab Manager
- High-performance steel
- Curved steel girder bridges
- Fatigue and fracture mechanics

MAJOR PROJECTS

- Bridge of the future
- Curved steel girder research
- High-performance steel bridges
- High-performance steel development

BACKUP PERSON

Joseph Hartmann

Eric Munley

Research Structural Engineer

202-493-3046 · eric.munley@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Fiber-reinforced polymer (FRP) composites
- Adhesive-bonded connections

MAJOR PROJECTS

- Bridge of the future
- FRP prestressing
- Adhesives research
- FRP specification development
- Accelerated test development for FRP materials

BACKUP PERSON

Bill Wright

Joseph Hartmann

Research Structural Engineer

202-493-3059 · joseph.hartmann@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- High-performance concrete
- Structural testing
- Concrete bridges
- Curved steel girder bridges

MAJOR PROJECTS

- Bridge of the future
- High-performance concrete bridges
- Concrete specifications
- High-performance materials
- Curved steel girder bridges

BACKUP PERSONS

Masoud Nasabzadeh *Engineering Technician*

202-493-3047 · masoud.nasabzadeh@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Instrumentation
- Hardware and software maintenance and consultation

MAJOR PROJECTS

- Curved-girder steel bridge research
- Research on high-performance steel

BACKUP PERSON

Bill Wright

Al DiMillio

Geotechnical Research Engineer

202-493-3035 · al.dimillio@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Geotechnical engineering
- Shallow foundation systems
- Ground improvement technology

MAJOR PROJECTS

- Spread footing design for settlement
- Micropile systems for seismic retrofit
- Deep soil mixing for excavation
- National system of geotechnical test sites

BACKUP PERSONS

Mike Adams
Carl Ealy

Mike Adams

Geotechnical Research Engineer

202-493-3025 · mike.adams@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Retaining wall systems
- Spread footing design
- Engineering geology
- Geosynthetic reinforced soil (GRS) structures

MAJOR PROJECTS

- Bridge of the future
- Reinforced soil beneath spread footings
- Model testing of GRS structures
- Geosynthetic durability testing
- Design of foundation anchors in soil and rock

BACKUP PERSONS

Al DiMillio
Carl Ealy

Carl Ealy

Geotechnical Research Engineer

202-493-3039 · carl.ealy@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Deep foundations engineering
- In situ testing techniques
- Geotechnical database management
- Innovative load testing systems
- Load and Resistance Factor Design (LRFD) for geotechnical engineering

MAJOR PROJECTS

- Resistance factors for piles and drilled shafts
- Automated geotechnical information and design system
- Composite pile design using waste plastics

BACKUP PERSONS

Al DiMillio
Mike Adams

Bridge Safety, Reliability, and Security Team, HRDI-07

Sheila Duwadi

Team Leader

202-493-3106 · sheila.duwadi@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Bridge Safety, Reliability, and Security Team Leader
- Timber bridge research

BRIDGE DESIGN

- Bridge security

MAJOR PROJECTS

- Bridge and tunnel security research program
- Advanced wood/FRP composites
- Integration of wood in transportation programs

BACKUP PERSON

John O'Fallon

John O'Fallon

Bridge Research Engineer

202-493-3051 · john.o'fallon@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- General bridge engineering
- Culverts

MAJOR PROJECTS

- Seismic vulnerability assessment
- Liaison for several NCHRP projects
- Covered bridge preservation

BACKUP PERSONS

Sheila Duwadi
Harold Bosch
Sterling Jones

Bridge Safety, Reliability, and Security Team, HRDI-07

(continued)

Harold Bosch

Research Structural Engineer

202-493-3031 · harold.bosch@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Aerodynamics Lab Manager
- Structural dynamics
- Aerodynamic stability
- Wind loads on structures
- Weigh-in-motion

MAJOR PROJECTS

- Wind research program
- Aerodynamic stability of bridges
- Wind-induced vibration of cables
- Aerodynamic properties of tapered cylinders
- Prediction methods for aerodynamic response
- Computational Fluid Dynamic flow simulation techniques

BACKUP PERSON

Hamid Ghasemi

Phillip Yen

Research Structural Engineer

202-493-3056 · wen-huei.yen@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Seismic research program
- United States-Japan research in bridge seismic design and retrofiting
- LRFD design for structures

MAJOR PROJECTS

- Bridge vibration testing
- Cross diagnosis method for globally monitoring bridges
- NCHRP 12-49, "Comprehensive Specification for the Seismic Design of Bridges"
- Seismic vulnerability
- Multihazard study
- Seismic performance testing

BACKUP PERSON

Hamid Ghasemi

Sterling Jones

Research Hydraulic Engineer

202-493-3043 · sterling.jones@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Hydraulics Lab Manager
- Hydraulics and hydrology

MAJOR PROJECTS

- Hydraulic research program
- Bridge scour guidelines
- Woodrow Wilson scour study
- Culvert study
- Bottomless culverts

BACKUP PERSON

Sheila Duwadi

Hamid Ghasemi

Research Structural Engineer

202-493-3042 · hamid.ghasemi@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Structural health monitoring
- Bridge dynamics
- Earthquake protective systems
- NDE of bridge members
- Bridge design, analysis, and computer modeling
- United States-Turkey collaboration on bridge design and health monitoring related issues

MAJOR PROJECTS

- Health monitoring of signature bridges
- Earthquake protective systems
- Bridge dynamics and modal testing
- Seismic isolation
- Lanson for several NCHRP projects
- Near-source ground motions

BACKUP PERSON

Phillip Yen

Infrastructure Inspection and Management Team, HRDI-10

Vacant

Team Leader

- PRIMARY RESPONSIBILITIES
- Infrastructure Inspection and Management Team Leader

MAJOR PROJECTS

- Stewardship and management of existing bridges
- NDE
- Bridge management systems
- Corrosion and coating

Vacant

Program Manager

- PRIMARY RESPONSIBILITIES
- Bridge NDE
- NDE Validation Center Manager

MAJOR PROJECTS

- NDE technologies for bridges
- Ground-penetrating radar (GPR), including the High-speed Electromagnetic Roadway Mapping and Evaluation System (HERMES) and the Precision Electromagnetic Roadway Evaluation System (PERES)
- Crack detection methods
- Condition assessment of prestressed tendons
- Automated ultrasonic testing

BACKUP PERSON

Hamid Ghasemi

Infrastructure Inspection and Management Team, HRDI-10

Shuang-Ling Chong

Research Chemist

202-493-3081 · shuang-ling.chong@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Bridge coating research
- Paint testing and coating evaluation methods
- Oversight of Paint, Corrosion, and Scanning Electron Microscope Labs
- Dissemination of coating research results
- Solutions for field coating failure problems

MAJOR PROJECTS

- Accelerated test methods for evaluation of coating materials
- Performance evaluation of fast drying coatings

BACKUP PERSON

Seung-Kyoung Lee

Paul Virmani

Research Chemist

202-493-3052 · paul.virmani@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Corrosion protection systems
- Bridge deck durability

MAJOR PROJECTS

- Corrosion costs and preventive strategies
- Nondestructive tools for corrosion detection
- Cathodic protection systems
- Corrosion resistant reinforcement

BACKUP PERSON

Seung-Kyoung Lee

Seung-Kyoung Lee

Research Corrosion Engineer

202-493-3077 · seung-kyoung.lee@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Corrosion protection of highway structures
- Corrosion of reinforced concrete bridge elements
- Material Integrity Testing for bridges

BACKUP PERSON

Paul Virmani

Pavement Materials and Construction Team, HRDI-11

Tom Harman

Team Leader

202-493-3072 · tom.harman@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Team Leader
- Asphalt Pavement Technology Program
- Concrete Pavement Technology Program
- Simulation, Imaging, and Mechanics of Asphalt Pavements (SIMAP)
- Aggregate research

MAJOR PROJECTS

- TRB Superpave® Committee
- Accelerated Loading Facility (ALF) experiment
- Understanding the performance of modified binders in asphalt mixes

BACKUP PERSONS

Terry Mitchell
Jack Youtcheff
Peter Kopac

Jack Youtcheff

Materials Research Chemist

202-493-3090 · jack.youtcheff@fhwa.dot.gov

PRIMARY RESPONSIBILITIES

- Asphalt Group Leader
- Chemistry Lab Manager
- Asphalt chemistry and technology

MAJOR PROJECTS

- Moisture sensitivity of asphalt
- Fundamental properties of asphalt and modified asphalt
- Understanding the performance of modified binders in asphalt mixes

BACKUP PERSON

Ernest Bastian

Pavement Materials and Construction Team, HPDI-11

Directions

FROM

REAGAN NATIONAL AIRPORT

Take the George Washington (GW) Memorial Parkway toward Washington, DC. Continue along the GW Memorial Parkway approximately 15.8 km (9.8 mi). Continue past the exit for Route 123 and take the exit marked by a small brown sign that reads, "George Bush Center for Intelligence CIA/FHWA." At the yield sign, take the entrance that veers to the right before the gates to the CIA. This gate is open Monday–Friday from 6 a.m. until 6 p.m. only. Use gate off of Route 193 on Colonial Farm Road for access at other times. (See directions from Dulles Airport.)

FROM

DULLES AIRPORT

Take the Dulles Toll Road (Route 267) east to the Route 123/McLean exit. Travel on Route 123/Dolly Madison Boulevard until you reach a stoplight at the intersection with Route 193/Georgetown Pike. Turn left on Route 193. Turn right at the first road (Colonial Farm Road). Continue along the road past the CIA entrances on the right until you reach a gated entrance to the TFHRC complex. There is a security guard on duty at all times, and this gate is open 24 hours a day, 7 days a week.

FROM

POINTS NORTH

From points north of Washington, DC, take I-495 (Capital Beltway) around the west side of Washington, DC, to the GW Memorial Parkway, the first exit in Virginia. Continue along the parkway approximately 4.2 km (2.6 mi). Take the exit indicated by the small brown sign that reads, "George Bush Center for Intelligence CIA/FHWA." Take the entrance that veers to the right before the gates to the CIA. This gate is open Monday–Friday from 6 a.m. until 6 p.m. only. Use gate off of Route 193 on Colonial Farm Road for access at other times. (See directions from Dulles Airport.)

FROM

POINTS SOUTH

From points south of Washington, DC, take I-495 North/ Rockville to the GW Memorial Parkway exit. Continue along the parkway approximately 4.2 km (2.6 mi). Take the exit indicated by the small brown sign that reads, "George Bush Center for Intelligence CIA/FHWA." Take the entrance that veers to the right before the gates to the CIA. This gate is open Monday–Friday from 6 a.m. until 6 p.m. only. Use gate off of Route 193 on Colonial Farm Road for access at other times. (See directions from Dulles Airport.)

Nassif Building/TFHRC Shuttle Schedule

A daily shuttle service operates between the FHWA Nassif Building and TFHRC. The service begins at 7:00 a.m. from the Nassif Building, Washington, DC, from the 6th Street side (near the cafeteria).

The travel time to TFHRC is approximately 20 minutes. The schedule for the shuttle service is as follows:

Depart Nassif	Arrive TFHRC	Depart TFHRC	Arrive Nassif
7:00 a.m.	7:20 a.m.	7:25 a.m.	7:55 a.m.
8:00 a.m.	8:20 a.m.	8:45 a.m.	9:10 a.m.
9:30 a.m.	9:50 a.m.	10:00 a.m.	10:20 a.m.
10:30 a.m.	10:50 a.m.	11:00 a.m.	11:20 a.m.
12:00 noon	12:20 p.m.	12:30 p.m.	12:50 p.m.
1:00 p.m.	1:20 p.m.	1:30 p.m.	1:50 p.m.
2:00 p.m.	2:20 p.m.	2:45 p.m.	3:05 p.m.
3:15 p.m.	3:35 p.m.	3:45 p.m.	4:05 p.m.
4:15 p.m.	4:35 p.m.	5:00 p.m.	5:20 p.m.

All DOT employees, contractors, and visitors are permitted to ride the shuttle while on official business. All visitors must have a valid Federal ID or an appointment scheduled with TFHRC staff.
